

## Year 4 Homework Grid

### Eco-Warriors – Summer Term

#### Literacy, Language, Communication

##### English:

Write a biography about 'David Attenborough' a real-life eco-warrior! Find out all about his life and what makes him amazing!

##### Cymraeg:

Draw a weather dial and label it with all the Welsh words for different weathers like:

- Bwrw glaw
- Heulog
- Bwrw eira

##### Espanyol:

Research and find out the different habitats, and insects that exist within Spain. What wildlife have they got? What marine life have they got?

#### Digital Competence:

Create a presentation about the different causes of Climate Change – What are they? What can we do to stop the impact?

Think about:

- What is the cause?
- Where does it come from?
- Can we stop it?
- How can we stop it?

#### Expressive Arts:

Can you use leaves and paint to create your very own eco-friendly art piece? Bring it in so we can display it on the board in school!

#### Science & Technology:

This term we're looking into Digital Competence, and making our very own game using coding! Practice your skills use the link to Scratch below, and don't forget to send your entries into school via email!

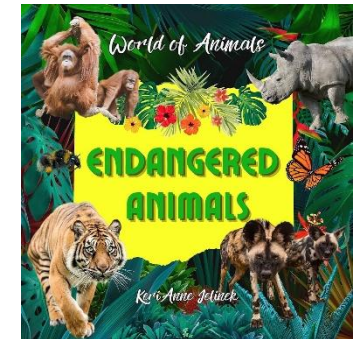

<https://scratch.mit.edu/>

#### Humanities

Use the internet to find out the native animals in these countries. Are any of them endangered? Are they safe? Have they had any become extinct?

Choose from:

- Australia
- Canada
- Turkey
- America
- Argentina
- Antartica

#### Maths & Numeracy:

Practice your knowledge of telling the time through this interactive game on TeachingTime – Remember to practice counting like we do in school! (5 past, 10 past, quarter past...)

<https://www.teachingtime.co.uk/tasters/taketime1.html>

- What will happen if we don't stop it?

### Health & Wellbeing

Think about the different movements of animals in the wild, how would they move? Put them together into a combination of movements to show the different animals in the wild thinking about: body position, posture and action!

### Religious Education

This term we are learning about responsibility. Create a mind map (with you at the centre) of all the things you are responsible for! These could be: pets, jobs, items, qualities you need to uphold!

Don't forget to read every night!
